Home Air Comfort

Generation 3 Electric understands the importance of maintaining proper humidity in your home for your comfort and to protect your valuables. Our experienced, certified Technicians install new and replace old fans in all rooms, including bathroom fans. All work will be installed to current standards and proper weatherproofing measures taken. We service all electrical needs, including heating and air conditioning wiring.

Ceiling Fans

*Hunter Fans sold exclusively through Generation 3 Electric.
Includes Fan and Installation. Ask a G3E Technician for more details.*
